Volume 13, Issue 2

Page 1

Southern Alameda County Radio Controllers

President: Steve Hoyt

Secretary: Steve Woodall

Vice President: Bob Freshwater

Treasurer: Jim Utley (510) 352-3150

The Club meeting was at 7:30 AM February 21, 2015

No board meeting was held.

General meeting:

The club meeting was brought to order at 7:40 PM, at the Hanger, by President Steve Hoyt. There were 10 members present

New and Prospective members:

There were no guests or prospective members.

News Letter:

There were no issues with the club New Letter.

Minutes:

A motion was approved to accept last month's Minutes.

Treasures Report:

There was no Treasurer's Report.

Safety Report:

Lou Morales reported that on Friday, 02-20-15, there was an incident in the pit area at the field. A nitro or gas plane in a start-up stand facing into the middle of the pit area, had a prop come off and throw parts all through the open area. No one was injured.

There was discussion on the way the start-up stands are facing. It was said that no other club has the stands facing towards the fence because you cannot see anyone when you lift up your plane to turn around.

After much discussion, the President said he was making a decision to move all nitro/gas start up stands facing the fence for safety reasons. He also pointed out that we all need to make a loud announcement when you are coming out of the pit, going onto the runway and anything else that would concern everyone's safety.

Field Report: There was no field report.

Next meeting:

March 14

At the Field

Old Business:

It was pointed out that we need to look for a new meeting place. We may or may not be able to use the Hangar to the end of 2015.

The President said the next meeting would be held at the field.

There was talk about moving a large storage container from the Hangar to the field. The President will have Jim Utleby contact the Dog Club to establish ownership before the container is moved.

The President is still trying to sell the power lawn mower at the field. He said he may have a potential buyer at \$350.00.

New Business:

There was discussion regarding events to attract new members, but nothing was decided at this time.

Everyone thought it was a good idea to have a For Sale section in the News Letter.

A motion was made to have a Swap Meet at the field, but no date was set.

Lou Morales announced that would be a Spring Float Fly at Minden Lake on the weekend of April 17, 18 and 19, 2015. He said there is camping available. He added that they usually have a night fly also.

Show and Tell:

Art Vargas displayed two planes. The first one was a very detailed P-47, which he has for

sale. You can contact him for more details (510) 792-0298. His second plane was a F2G1, which was the racing version of the WWII Corsair. It was manufactured by FMS and purchased from Motion RC.

Announcements:

The Radio Control Flyers Unlimited, Inc. is having their 19th Annual Spring Swap Meet on Saturday, March 28, 2015. The meet will start at 7:30 AM and be held at Ward Hendricks Field in Oakdale, CA. You can contact Ben Lanford at 209 204-9219. For more details go to www.rcflyersunlimited.com.

Adjournment:

The meeting was adjourned at 8:35 PM

Submitted by Steve Woodall

(Editor's note: There IS a for sale/wanted section in the newsletter an on-line—members only need to let me (Jeff Whitney) know what you want to sell or are looking for and it can get posted here in the newsletter and on the website. If I am feeling really nice I might even post it on the Sacrats Facebook page (enter Sacrats in the search box).
