Volume 13, Issue 6

Page 1

Southern Alameda County Radio Controllers

President: Steve Hoyt

Secretary: Steve Woodall

Vice President: Bob Freshwater

Treasurer: Jim Utley (510) 352-3150

The Club meeting was at 11:20 AM May 9, 2015

No Board Meeting:

General meeting:

The club meeting was called to order at 11:02 AM, at the Field, by President Steve Hoyt. There were 25 members present. Hoyt asked if starting the meeting at 11:00 AM was ok with the membership. All members present agreed on the time change. The time change will be posted in the up coming news letter.

OFFICERS PRESENT: President: Steve Hoyt, Treasurer: Jim Utley, Secretary: Steve Woodall, Board member/Safety Officer: Lou Morales and Director of Communications: Jeff Whitney.

There was one prospective new member, Gene Langley, who said he was looking for a flying club. He was going to look at one more club before he decided.

New member:

Jim Utley had the application and check for a new member, Robert Rayman Jr. Rayman Jr. was voted in as a new member.

News Letter:

There was only one problem regarding receiving the news letter (a member was unable to open it from the website—eventually determined it is something on that member's computer).

Minutes:

The minutes were approved as they appeared in the current news letter.

Treasurer's Report:

Jim Utley gave the treasurers report. He stated the club is financially sound and we currently have 134 paid members. The treasurers report was approved. For complete details contact Jim.

Safety Report:

Lou Morales gave the safety report. He stated that there were no reported incidents, but to always handle your planes in a safe manner and be on the look out for other

At the Field

members safety. He also mentioned that he has seen members flying out to far when making their final approach for landing. Always try to keep in mind our flying boundaries.

Field Report:

Steve Woodall reported the he and Brady have determined that the shack, in the middle of the field, needs a new roof. A material list was given to Hoyt. It looks like the roof could be replaced for less than \$500.00. The price did not include getting rid of the old roofs debris, which may require a trailer load to the dump.

Art Vargas asked if Brady could pick up some insect spray to help rid the shack of spiders.

Hoyt pointed out that the two benches on the north side of the shack are in need of repair.

It was agreed that a work party may need to be organized to complete the above mentioned projects. It was pointed out that the work could be done in small steps so that everyone can also enjoy flying.

Old Business:

Jim Utley reminded the club that the weekend of Saturday, July18, 2015, and Sunday the 19th, he will be helping in a Boy Scout camp out at the field. The Boy Scouts will spend the weekend, working on their Aviation Merit Badge. If anyone wants to help with planes and transmitters or in any capacity please contact Jim. I am sure he would appreciate all the help he can get and it is for a good cause.

New Business:

Hoyt said that the care taker may be gone, but we are still restricted from flying in that area. He also mentioned that new members can fly gas, but they must get board approval and demonstrate that they can fly safely.

Show and Tell:

Jim Utley stated that he went to the Castle Air Show and had a great time. He showed us the local news paper with him on the front page and another page inside the paper. He said he didn't even have to commit a crime to get in the paper.

Lou Morales had his 120 CC Corsair and wanted to show us how his new sound system worked. He explained that the system did not have speakers, but was attached to the inside of the fuselage and vibrated out the sound. He started the engine to a realistic sound, then gave several blasts from the machine guns. It was all done safely with no one in the line of fire. If anyone is interested in more information go to www.mrrcsound.com. This demonstration was huge crowd pleaser.

Announcements:

Jeff Whitney reminded us that on Sunday, July 12, 2015, there will be a fly in at our field called War Birds by The Bay. Along with some beautiful planes, there will be a raffle and lunch. Come out and enjoy a great day.

Matt Sullivan brought up the question regarding Bob Freshwater leaving. Steve Hoyt said this will be discussed at the board meeting next month and he would come back to the membership with the results.

Adjournment:

The meeting was adjourned at 11:32 AM

WARBIRDS BY THE BAY

JULY 12, 2015
