Board Members in Absence:

Treasurer: Jim Utley

Secretary: Matt O'Sullivan

Field Manager: Brady Deitrick

Safety Officer— Bob Dutra

Minutes

Accepted as published

Treasury Report

None

Field Report:

Bob Freshwater reported on the work party that was held on January 19, 2013. The soft area in the pits was filled in with gravel and a portion of the AstroTurf was replaced. The tree near the building housing the weather station was trimmed and there was some other minor clean up done as well. Due to the efforts of our members, the flying field is staying in good shape.

As a reminder: **smokers need to pick up their butts after themselves.** Smoking is a privilege we have re installed. Please don't force us to revoke this privilege.

Safety Report:

Jeff Whitney reported that there were no safety issues to report.

No Old Business:

Bob Freshwater gave a report on the Night Fly that was held on February 9. If your interested in getting started in night flying or just attending to see what it's all about, please ask Bob, Jim Utley, or Lou Morales for more information.

There was a brief discussion about allowing helicopters to fly at the SACRC flying field. The topic was tabled for now to allow the full club to provide input prior to making any final decisions. If you feel strongly one way or the other, please let you feelings be known to the club officers and board members.

New Business:

Bob Freshwater gave a report on the Night Fly that was held on February 9. If your interested in getting started in night flying or just attending to see what it's all about, please ask Bob, Jim Utley, or Lou Morales for more information.

There was a brief discussion about allowing helicopters to fly at the SACRC flying field. The topic was tabled for now to allow the full club to provide input prior to making any final decisions. If you feel strongly one way or the other, please let you feelings be known to the club officers and board members.

Prospective New Members:

Sunny Singh and Michael Lat were accepted into the club as new members.

Announcements:

None

Show & Tell:

Bob Freshwater showed a small portable workbench that he built. The workbench provides the ability to move from one location to another with minimum effort.

Art Vargas brought in his Mosquito and several glow engines that he's interested in selling. Please contact Art for further information.

Notes:

January and February have been plagued with windy and some wet weather. Do to this there has not been a lot to report in the monthly news letter. If you have anything that you feel will interest our members please feel free to contact me. If you have some items you would like to sell for trade let me know and I will publish the information.

Sincerely

Steve Hoyt (510) 792-0326
