**New Business:**

Norm said he had been by contacted Drew Allen, in East San Jose, regarding the donation of RC models. Due to age and current illness Allen wanted to donate his models to a club, so someone could get further use out of them. Allen has been in RC modeling for a number of years and participated in the NATS. Norm said he had to make two trips, to San Jose and brought back 30 to 40 planes and kits along with gas motors radios and other parts. By the looks of most of the

planes, Allen was a good builder and had a true love for the hobby.

Norm gave Utley a check, from Brady, for \$175 for items from Drew that have been sold. If any members are interested in some of the planes and would like to make a small contribution contact Norm.
