Approved as read. The membership is up to about 120.

Field report:

Brady reported new tools have been added to the shed—and noted that there is no smoking in the shed, and to pick up your butts and take them home. Same thing with all other trash—if you brought it, it goes home with you.

And a reminder that it is tick season—if you have to go out in the weeds to recover an airplane, inspect yourself ASAP.

Either Mike West or Norm Coates will deal with the rampant weed growth surrounding our field.

Safety

Do not leave your gear in the hot pit (start-up / arming area). Once you have landed clear your gear out to make room for others

Old Business:

There was an article in the Tri-City Voice about our club—there were many extra copies in the shed (probably all gone now!)..

Next meeting:

11AM July 13

At the Field

New Business:

Bayside will bring their shed/charging station to our field, it will be placed down by our container.
