## Southern Alameda County Radio Controllers

President: Mike Pimentel

Secretary: John Chavez

Vice President: Jim Weiss

Treasurer: Burt Rosensweig (650)349-5314

Meeting was called to order at 11AM 2/11/23

Executive and board members comprising of president Mike Pimentel, Vice President Jim Weiss, Treasurer Burt Rosensweig, Secretary John Chavez and board member Art Vargas.

Measures to prevent vandals and trespassing in the area(s) of the defunct "care-takers house" were discussed with a series of methods to prevent further thefts. A final solution will be presented and implemented at a later date. Mike advised that per the property owner the club has free access to said property for any devices, i.e. gates, fences etc.

### General meeting agenda

Club meeting was called to order on February 11, 2203 @ 1059 hrs. By club President Mike Pimentel.

No corrections or additions to the minutes as published in the newsletter

There were no new club members.

### Treasurer's report:

Burt Rosensweig advised as of (01/31/23), all 4 club financial categories are intact, with no noted deficits.

### Secretary's report:

John Chavez advised club members that any item(s) that are furnished by the club are to remain in the club house. Sadly it appears several items are missing. For example : 2 security lights affixed to club house roof eave, 6' ladder, wading boots, prop balancing device and miscellaneous. tools and repair supplies. This practice is not only costing our club, but it deprives club members of facilities. Please stop this practice!! If you "borrow" something, return it.

### Field report:

As most of us club members, are aware of the deteriorating overall field conditions, the recent rains have somewhat eroded the gravel areas. It's strongly suggested in order to rectify these conditions, it'll require a concentrated -effort by a group of dedicated "work parties"

Next meeting

**11AM April 8, 2023**

At the Field

to maintain the club grounds in operative and safe conditions. Weather permitting, hopefully work crews will be formed by team leaders and on weekends the club grounds can be presentable again.

**Safety:**

No safety issues reported.

**New business:**

A motion regarding the authority enabling executive and board members to revise club by laws exclusively was passed, and will appear in the revised by laws. The revised by laws will be posted for members to see before being approved or rejected at the next (April) club meeting. Rather than the former process of club members voting on revisions. Only club and field regulations will be voted on by the club members in attendance at future club meetings.

The monetary limit for raffle prizes has been increased from \$150 to \$200.

Twenty six members were in attendance on a rather cold and blustery overcast Saturday. It appears at the conclusion of the club meeting, followed by a delicious BBQ luncheon provided by club/chef Anna Stevens talents and raffle, it stimulated a satisfactory attendance!!

Club adjourned @ 11:28 am

**EDITOR:**

You are all aware of the recent rain damage to the field. I had a recent phone call from Mike, there will be a gravel delivery in the near future that will need to be spread out where it's needed. We will post information as it becomes available.

One of the shade covers came down when the support/tensioning cable rusted through. New cable has been installed and I believe the shade cover has been reinstalled. Sad news: Gene Langelly passed away 3/15, I understand it was a heart condition.

Also—thanks to the several people that volunteered to show models at the Oakland Aviation Museum’s Open Cockpit Day. The event was cancelled due to inclement weather. Next one is Father’s Day, in June. I will be asking for volunteers again!
